You can insure your pet from 8 weeks of age. The upper limit to start a new policy for most breeds of dogs is their 8th birthday. For some breeds* of dogs it is their 5th birthday. For cats, the upper age limit is their 10th birthday.

Lifetime policies cover vet fees for new illnesses and accidental injuries up to a maximum amount which is reinstated each year.

Your premiums are only fixed until each renewal, and are likely to go up each year. Like humans, our pets are more likely to be affected by illness as they get older. This means that every year, your insurance premium will increase even if you have not made a claim. There is no limit to premium increases, these increases could be significant to you.

With **Time Limited** policies, each condition is only covered for 12 months calculated from the first date of treatment or until the maximum benefit is paid for that condition whichever occurs first. After this, we will not make any further claims payments for that condition or any bilateral, recurring or related conditions.

*Select dog breeds include: Beauceron, Bernese Mountain Dog, Bulldog, Bullmastiff, Deerhound, Dogue de Bordeaux, Estrela Mountain Dog, Giant Schnauzer, Great Dane, Irish Wolfhound, Leonberger, Mastiff, Neapolitan Mastiff, Newfoundland, Old English Bulldog, Old English Sheepdog, Poodle (Standard), Pyrenean Mountain Dog, Rhodesian Ridgeback, Rottweiler, Shar Pei, St Bernard, Tibetan Mastiff, Utonagan.
