

## What makes PDSA special?

It's all about love love love! They are dedicated to improving pet wellbeing in three very special ways – by educating owners, preventing disease and carrying out life-saving operations.

Pets are part of the family. Our four-legged friends give unconditional love and are sometimes a person's only companion. They don't deserve to suffer through economic and social hardship. They can't help themselves. But PDSA can.

Donations from our special day will go towards helping PDSA save and treat 470,000 sick and injured pets each year.

SINCE 1917
