

- **Keep your cat a healthy weight.** Overweight cats are much more likely to develop FIC. Read our guide on 'How to keep you cat slim, fit and active'.
- **More than one litter tray.** Provide more than one litter tray, even for a cat that goes outside.

## Cost

Treatment for FIC can become expensive, especially because it's a lifelong condition and sometimes requires hospitalisation. Always speak to your vet if you can't afford the treatment they have recommended, there may be other options. We strongly recommend insuring your pets as soon as you get them so that you are covered for any problems. Always check if your insurance policy covers lifelong conditions.

**Find out whether you are eligible for free or low cost PDSA veterinary treatment using our checker below or visit [www.pdsa.org.uk/eligibility](http://www.pdsa.org.uk/eligibility)**
